**The Connor Group Boosts Important Red Cross Housing Project**

In the spirit of community cooperation, The Connor Group will provide its expertise to renovate the offices at the new Red Cross Family Living Center, which will start accepting homeless families as early as December. The Connor Group in Centerville owns and operates 14,000 apartment units nationwide, 2,000 in Dayton.

The Red Cross Family Living Center has 37 apartment units, as well as office space for case workers, maintenance staff and the executive team. The Connor Group will renovate the space that will serve as on-site offices.

“What makes our emergency housing program successful is we’re onsite 24 hours a day, 7 days a week, we’re like family to the residents,” said Carleen Suttman, Red Cross Housing Task Force Chair. “If we didn’t have this office space, we couldn’t operate this program for the homeless living in Dayton.”

**Renovation Day & Time:**

- 1) Friday, November 21, from 9 a.m. to 6 p.m.
- 2) Saturday, November 22, from 9 a.m. to early afternoon

**Where:** 829 S. Gettysburg, Dayton 45408

**Special Note:** Larry Connor, managing partner at The Connor Group will be onsite volunteering Saturday, November 22, at noon.
